

Week of: 2/4/08	Teacher: Cunningham	Team: Physics/PreAP
------------------------	----------------------------	----------------------------

Monday	TLW: Be introduced to electric fields	Objective: Electric fields (II)
		Activities: Lecture/note-taking: Field forces and the electric field
		Materials: Funsheet 17D
		Follow Up/HW: Funsheet 16 A/B due
Tuesday	TLW: Be introduced to electric fields	Objective Coulomb's law
		Activities: Lecture/note-taking: Field forces and the electric field
		Materials:
		Follow Up/HW: Funsheet 17D due F
Wednesday	TLW:	Objective:
		Activities
		Materials:
		Follow Up/HW
Thursday	TLW: Be introduced to capacitors	Objective: Capacitors and capacitor circuits (I)
		Activities: Lecture/note-taking/guided practice: Capacitor equations
		Materials:
		Follow Up/HW: Funsheet 17D due F
Friday	TLW: Be introduced to capacitors	Objective: Capacitors and Capacitor Circuits (II)
		Activities: Lecture/note-taking/guided practice: Capacitor Equations
		Materials: Funsheet 17D
		Follow Up/HW: Funsheet 17D due
